

MAKE YOUR OWN CREATURE AVATAR

Avatar: an image that represents you.

Part One: The Interview

Pick one person to talk to in the room. Your goal is to gather enough information so you can draw a creature avatar of that person. Record your notes of the conversation in the box below.

Some questions to possibly ask:

What are your hobbies? Why do you do those hobbies?

Do you play sports (which ones)? Why do you play those sports?

Why did you choose this school?

What do you plan on doing in the future? Why?

How would you describe yourself? What are some of your unique characteristics?

Partner Name: _____

Part Two: Making the Creature

Using the information gathered in the interview, draw a creature avatar (preferably an animal) that represents your partner. Please add color to your creature. Make sure to include these items:

- Characteristics that represent your partner
- Where does this creature live? What biome?
- How does this creature survive (adaptations)?
- How does this creature obtain nutrients?

Partner Name: _____
