Zoo-Break Food Web

The Los Angeles Zoo had a security breach and all of the animals' cages broke open! Categorize the plants and animals into their trophic levels. Feel free to add plants and animals that are not on the list. Then choose at least 3 (three) plants or animals from each trophic level to create a food web. Draw the animals and write their names underneath.

Plants: grass/hay, bananas, lettuce, bamboo, berries, flowers, seeds, leaves

Animals: boa constrictor, gecko, turtle, owl, giraffe, baboon, tiger, cricket, ant, panda bear, black bear, elephant, fox, mouse, goat, lemur, African wild dog, beetle, mushroom, worm, koala, wolf, condor, macaw, leopard
